

2025
June 4-6

All-Russian
Scientific Practical Conference
with International Participation

**THE RUSSIAN PHTHISIOLOGY
IN ADRESSING THE GLOBAL
TUBERCULOSIS PROBLEM**

THE RUSSIAN PHTHISIOLOGY IN ADRESSING THE GLOBAL TUBERCULOSIS PROBLEM

JUNE 4

ONLINE meetings

ROOM NO. 1 (ONLINE MEETING)

9:00 am –
12:00 pm

WORKSHOP NO. 1

SURGICAL TREATMENT OF PULMONARY TUBERCULOSIS

Mikhail V. Sinitsyn

Aleksey V. Elkin

Igor Ya. Motus

BROADCASTING OF THE SURGEON'S SHOW CASES

- ▶ Transsternal occlusion of the main bronchus in surgical treatment of complicated pulmonary tuberculosis
- ▶ Pneumonectomy due to fibrous cavernous tuberculosis
- ▶ Pulmonary resection in case of chemotherapy failure

Review of indications, choice of surgical tactics, specific features of surgery, management of the postoperative period

12:00 – 12:30 pm

BREAK

June 4th

ONLINE meetings

ЗАЛ №2 ROOM NO. 2 (ONLINE MEETING)

9:00 am –
12:00 pm

TRAINING FOR PRACTITIONERS NO. 1

**NEW TECHNOLOGIES OF DIAGNOSTICS AND TREATMENT
OF PATIENTS WITH TUBERCULOSIS AND MYCOBACTERIOSES**

Diana V. Vakhrusheva
Glaphira E. Premysleva

9:00 – 9:25 am

Diana V. Vakhrusheva, Yekaterinburg

**New technologies in the diagnosis of tuberculosis
and mycobacterioses**

9:25 – 9:50 am

Ekaterina M. Petrunina, Skorniyakov S.N., Yekaterinburg

**Data evaluation and interpretation in comprehensive testing
of lung resectates in the clinical signs of current tuberculosis**

9:50 – 10:15 am

Anastasiya I. Gayda, Moscow

**Current approaches to compilation of tuberculosis
chemotherapy regimens**

10:15 – 10:40 am

Galina M. Kuklina, Moscow

Respiratory mycobacteriosis in HIV-negative patients

10:40 – 11:05 am

Elena I. Veselova, Moscow

**Specific features of diagnostics and treatment of respiratory
mycobacteriosis in HIV-infected persons**

11:05 – 11:30 am

*Glaphira E. Premysleva Skorniyakov S.N., Tsvirenko A.S.,
Basyrov R.T., Pyzhyanov V.A., Yekaterinburg*

**Valve bronchial block in the treatment of cavernous forms
of pulmonary mycobacteriosis**

11:30 am – 12:00 pm

QUESTIONS

12:00 – 12:30 pm

BREAK

THE RUSSIAN PHTHISIOLOGY IN ADRESSING THE GLOBAL TUBERCULOSIS PROBLEM

JUNE 4

ONLINE meetings

ЗАЛ ROOM NO. 1 (ONLINE MEETING)

12:30 – 3:30 pm

WORKSHOP NO. 2

TRAUMATOLOGY AND ORTHOPEDICS IN PHTHISIOLOGY. BEST PRACTICES

Evgeniy O. Peretsmanas

Vladimir S. Zubikov

12:30 – 1:00 pm

Evgeniy O. Peretsmanas, Moscow

**Etiologic diagnosis in the prevention of infectious
complications of hip arthroplasty**

1:00 – 1:30 pm

Yaroslav A. Rukin, Moscow

**Current approaches to treatment of infectious complications
of endoprosthetics**

1:30 – 1:40 pm

Ilya A. Gerasimov, Moscow

A clinical case of the infectious complication of hip arthroplasty

1:40 – 2:10 pm

Vladimir S. Zubikov, Moscow

New treatment methods for tuberculous arthritis

1:40 – 3:00 pm

Yaroslav A. Rukin, Moscow

**Video broadcast of the surgical intervention:
Revision hip arthroplasty with customized augments
manufactured using 3D technology due to chronic
periprosthetic infection of the hip joint complicated by
a pronounced acetabular defect**

3:00 – 3:30 pm

DISCUSSION

June 4th

ONLINE meetings

ЗАЛ №2 ROOM NO. 2 (ONLINE MEETING)

12:30 – 3:30 pm

TRAINING FOR PRACTITIONERS NO. 2

DRUG-INDUCED LIVER INJURY IN TUBERCULOSIS PATIENTS

Igor G. Nikitin

Anastasia M. Shatalova

12:30 – 1:10 pm

Igor G. Nikitin, Moscow

Clinical and phenotypic variants of drug-induced liver injury

1:10 – 1:50 pm

Eduard V. Vaniev, Moscow

**Drug-induced liver injury in tuberculosis patients.
A clinical case**

1:50 – 2:30 pm

Olga V. Kuteynikova, Moscow

**Safety of pharmacotherapy for phthisiatric patients:
the perspective of a clinical pharmacologist**

2:30 – 3:00 pm

DISCUSSION
